Aquarius Severn

meet at

2 Wolseley Terrace, off Oriol Road,
Cheltenham at 8 pm

unless otherwise stated

See overleaf for map and contact details

Thursday 5th January 2012 8-10pm: *The Year Ahead*

The Aquarius Severn Committee look back at what we said about 2011 and forward to what the patterns in the heavens suggest for 2012. Mars in Virgo; Uranus square Pluto; Saturn moves into Scorpio and trine with Neptune; Venus and Jupiter close together in March and in the Summer. What is the global impact of this astrology? Bring your own birth chart if you have it.

Thursday 19th January 2012 8-10pm: *Venus : Goddess of Harmony, Beauty & Proportion*

John Wadsworth presents an evening about **Venus**, drawing from myth, sacred geometry and emphasising the **pentagonal, five-fold nature of Venus's symbolism**, especially the Dance of Venus, formed through its eight year cycle of five superior and five inferior conjunctions. We will also preview this year's Venus transit of the Sun and its significance. After the break we aim to discuss the significance of Venus in the birth charts of willing volunteers.

Sunday 29th January [Lunchtime]: *Saturnalia!*

Join us for our annual winter feast, once again at the **Organic Farm Shop Café** near Cirencester for Sunday Lunch with meat, vegetarian or vegan options.

Details and booking (with deposit by 15 January) at www.aquariussevern.com or 01451 822438.

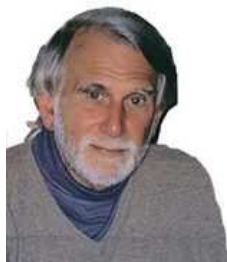

Thursday 9th February 2012 8-10pm: *Where is the Love? An astrological approach to happy ever after*

An exploration of **astrological archetypes relating to love**, looking at myth, fairy tales and real love stories and investigating where in the horoscope we can identify these. **Jude Levy** and her partner Howard Parker run *Eros and Psyche* which provides Relationship Coaching and uses astrology as a tool to help clients gain self-awareness and improve relationships.

AQUARIUS SEVERN LIBRARY: The library is available to members only, and charges are 50p per book or tape per month – 20p for magazines. We now have over **200** of the best titles in astrology, including books by Robert Hand, Liz Greene, Stephen Arroyo, William Lilly, Bernadette Brady, Reinhold Ebertin, Thomas Shanks *and more...* We also subscribe to the bimonthly **Astrological Association Journal**, **Mountain Astrologer** magazine.

Thursday 24th February 8-10pm: *Holistic Sound As A Healing Force*

The universe is rooted in vibration. All things have their particular frequencies. Thus stress, illness and disease are mis-tunings of the human instrument. Through **resonance** and **sympathetic vibration** these frequencies can be restored. **James D'Angelo PhD** will demonstrate how holistic **sound** can induce such a transformation. This will be an experiential presentation in which our voices will be the resonators to re-tune our energy systems.

Thursday 8th March 2012 8-10pm: *Nasty Benefics ... Lovely Malefics*

When we learn astrology, it's helpful to see things in black-and-white, but astrology is much more subtle and deep.

Modern astrology has largely jettisoned the idea of malefic and benefic parts of the chart, but we have a deep-rooted sense that **some things in the chart are inescapably bad** and difficult while **others ought inevitably to be positive**. Is Jupiter always easy, Saturn hard or Pluto threatening? A 'bring-your-chart' discussion evening. This week's **brilliant conjunction of Jupiter and Venus** makes it a benefic time to be furthering our understanding !!

Thursday 15th March 7.00pm: *Social at country pub with view of the Venus Jupiter conjunction*

Mars will also be visible as it trines the conjunction. Please check nearer the time for venue

Thursday 29th March 2012 8-10pm: *Business Astrology*

A welcome return to **Andrea Soole** who will discuss how knowledge of astrology can benefit businesses both small and large. If you run a business, bring either its birthchart or the date and time of its inception.

Andrea represents *Equinox Astrology*, and is an astrological consultant, speaker and broadcaster. She is co-founder of the *ChiarelloSoole* astrological business consultancy, which uses planetary and business cycles to advise on business planning, growth and the 'right time' to implement change.

Where to Find Us

2 Wolseley Terrace, off Oriol Road, Cheltenham

What We Do...

Aquarius Severn is primarily an **Astrological Society**, with interests in related Aquarian Age subjects. Apart from regular talks, we run astrology classes at different levels, twice-yearly workshops with national speakers, an annual summer solstice field trip and a celebratory meal in the depths of winter.

Our twice-monthly meetings are held from 8:00 to 10:00pm at 2 Wolseley Terrace, Cheltenham. Entry is £4.00 for members, and £6.00 for non-members. Membership still costs only £15 per year, and allows access to our library of books & magazines.

Aquarius Severn is an open and friendly group - our talks attract people of all ages, and visitors are always welcome.
